

AMSTERDAM (Hali Hammer)

Amsterdam, oh Amsterdam,
Pretty as a picture postcard land
Have some fun in the Netherlands and stay a little while in Amsterdam

Take a stroll into Vondel Park, watch the sunset & smell the air
Stop a while in a Kaffeshop – you'll be amazed at what you find in there

Amsterdam, oh Amsterdam,
Ride a bicycle or take the tram
Come on back with a caravan & stay a little while in Amsterdam

You meet poets, painters, musicians,
Journalists and magicians
Photographers & physicians – in five minutes, you're the best of friends

Amsterdam, oh Amsterdam,
Makes you feel like you are Peter Pan
Flying into Never-Never-Land, oh stay a little while in Amsterdam

(Instrumental)

Hang around with Hans and you'll see the sights –
Eats by day and the streets at night
You'll have more fun than 1000 clowns
And the mood goes up when the sun goes down

Amsterdam, oh Amsterdam –
Canals, museums and midnight jams
Twists and turns like you never planned
When you stay a little while in Amsterdam

(Repeat 1st verse) ... & stay a little while in Amsterdam
